

WELCOME HOME

For your safety, we have developed an infection protection concept in accordance with the current infection protection laws. All relevant points for you can be found on the inside of this flyer.

Whatever question you may have – feel free to approach us at any time.

Please help us to celebrate safe Sunday services. Thank you very much!

Excerpt of the
Infection Protection Concept
of Alive Church e.V.

27 July 2020

INFECTION PROTECTION
UNFO

1

The special form of seating unfortunately means we have to limit attendance.

We therefore ask you to register for the service in advance – free of charge – using our online ticket system. This is the only way to ensure that you will get a seat. See www.alivechurch.de/gottesdienste

2

The main entrance to the Festhalle is also our entrance. Exits are separated from the entrance.

3

Within the building, a minimum distance of 1.5 metres to all other persons must be maintained. All paths are „one-way streets“, which helps to maintain this distance.

4

Body contact is to be avoided. Thus, no objects are passed from one person to the next. The offering/investment will be collected at all exits after the service.

5

We would like to remind you of the widely known cough and sneeze etiquette. Please use the crooks of your arms for this.

6

It is obligatory to wear a mouth and nose protection mask on the way to the seat, on the way to the exit and during worship. We ask for your understanding.

7

There are several places with disinfectants that are well indicated. Liquid soap and towel dispensers are available in the toilets. Please make use of them.

8

Before, during and after the service, surfaces that are used by several people (door handles, light switches, etc.) are cleaned and disinfected. There will also be frequent and good ventilation.

9

We have assigned extra staff to ensure hygiene and your safety. You are important to us!

10

We continue to offer our online experiences. You can find the stream on live.alivechurch.de
