

TRANSLATION INFO

Welcome Home, Internationals!

As an international church, we offer simultaneous translation of all of our services into English and – upon request – into several other languages like French, Spanish, Portuguese, and Russian, among others.

We offer English translation during every service. All you need is a smartphone and your headphones*. See the manual on the back of this flyer.

For other languages, please let us know a week ahead of time through our website.

**No worries. We have headphones for you to borrow if you don't have any with you. Just bring yours next time then.*

HOW TO LISTEN TO TRANSLATION ON YOUR PHONE

First of all, you can use our free WiFi:

WiFi: AC Guest
PASSWORD: aliveguest

Second, download the linkbox app:

linkbox

OR

Then just open the app (being connected to our WiFi)
and select the language you want to listen to.

*Hint: You can listen to our translation from anywhere in the world.
If you're at home following the livestream, use the Event-ID 100 700.*

If you have any issues, try to reconnect the WiFi and restart the app. Or get in touch with any of our volunteers.

Don't want to download an app?

We have good news for you: You can borrow a phone at the translation booth that has the linkbox app pre-installed.

Or, using your own phone: It works online, too.

Connect to our WiFi and enter **translation/** in your browser:

AA

or <http://translation/>

If at home, direct your browser to **open.linkbox.de** and enter the Event-ID **100 700**.

*Please note that the app works better and hassle-free.
We highly recommend using the linkbox app.*
